How to Use This Book

A few tips before you dive in

 **Print on cardstock** if you can — it holds up much better to little hands and glue than regular paper.

 **Binding:** punch holes and use a ring binder, or take the PDF to a print shop for spiral binding — either works beautifully.

 **Photos:** each dashed box is sized for a standard 4×4in or 4×6in print — tape or glue your favorite shot right in.

 **Fill it in slowly.** This isn't a race — some parents finish a page a week, some catch up all at once at the first birthday. Both are perfectly fine.

 **There's no wrong way to keep this book.** Skip pages, add your own, spill a little coffee on it — it's meant to be lived-in, not perfect.
